## LUXEMBOURG: AN INTERNATIONALLY ACCLAIMED CENTRE OF EXPERTISE

Owing to the political and financial stability of Luxembourg, the country has a great deal to offer. SOGELIFE ensures that its clients benefit from the Grand Duchy of Luxembourg's specific regulatory framework, including the triangle of security, tax neutrality and an array of management and investment opportunities.

### 1 – TRIPARTITE AGREEMENT

Assets are deposited with a bank authorised under the terms set by the insurance regulator (Commissariat aux Assurances – CAA).

### 2 – CONSTANT MONITORING

Quarterly monitoring by the CAA of the balance between technical provisions and assets held (Regulated Assets).

### 3 – SUPER PRIVILEGE

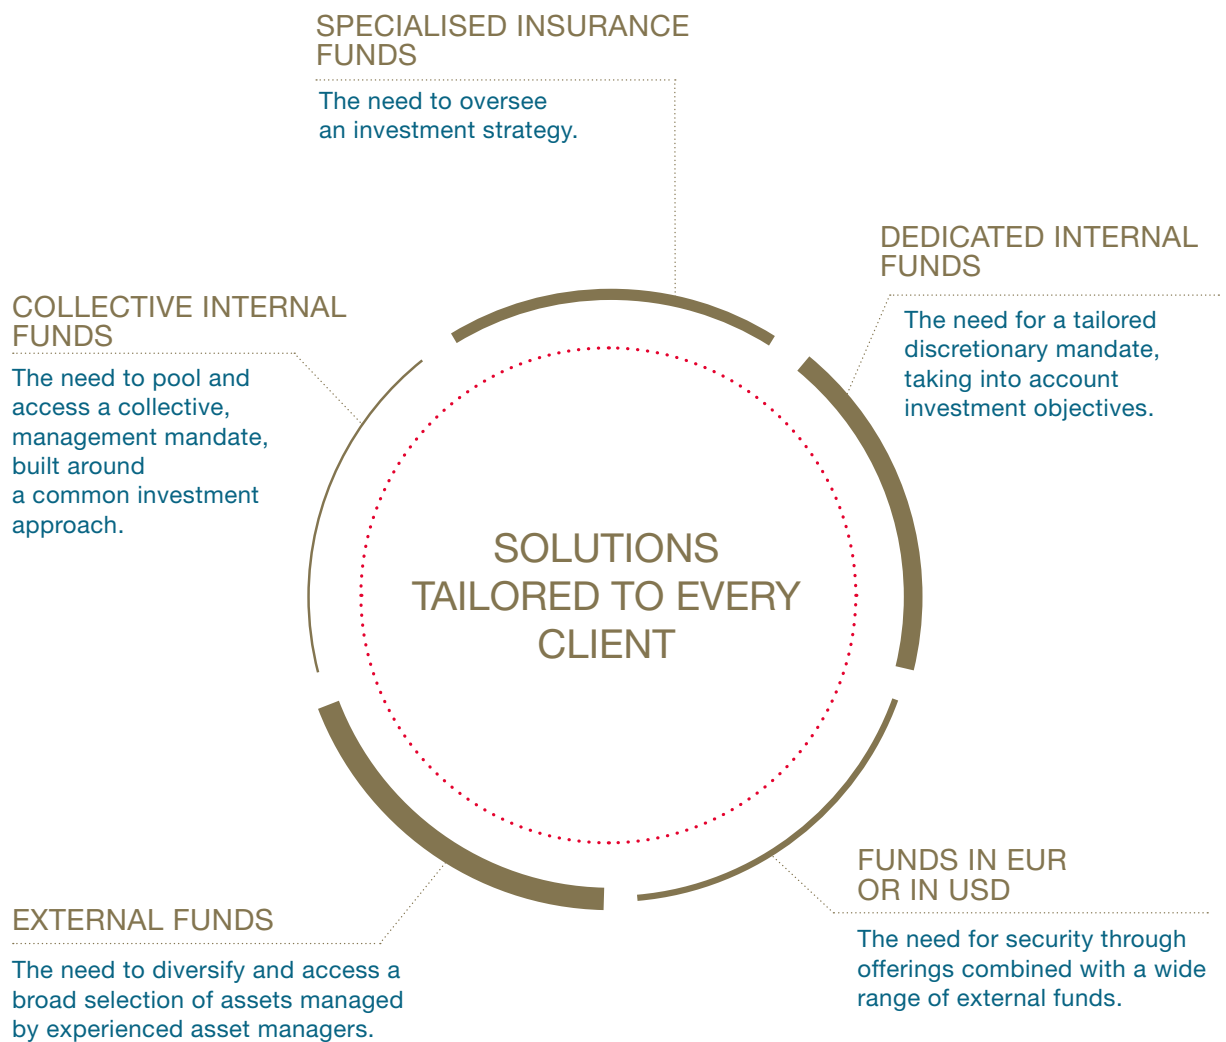

If the company defaults, holders of a Luxembourg policy are privileged first-rank creditors in respect of the Regulated Assets.

“ALL OUR STRATEGIC OBJECTIVES
